SUMMARY

Javascript Developer that has been fascinated with technology since I was 11 years old and building my first computer when I was 13. I started programming in high school in 11th grade and fell in love ever since. Natural problem solver that always works well with co-workers/friends. Known to always put the coworkers or project at hand before myself.

TECHNICAL SKILLS

Technologies: Node.js, Express, Javascript, JQuery, React.js, Git/Github, Version Control, MySQL, Firebase, MongoDB, HTML, CSS, Bootstrap, APIs, JSON, REST, AJAX

PROJECTS

Experience the Music | **Github:** <https://github.com/zachyingling/Experience-the-Music> |

Deployment: <https://zachyingling.github.io/Experience-the-Music/>

- Web Application that provides information about the artist's summary, songs, music videos, and concerts from one search. Collaborated with two students from my cohort.
- My main responsibilities were to get 6 api calls to work from one button search, and make sure the end points respond with the correct information needed for the page.
- We used HTML, CSS, Bootstrap, Javascript, JQuery, and Smooth Scroll Library

Multiplayer Rock, Paper, Scissors | **Github:** <https://github.com/zachyingling/RPS-Multiplayer> |

Deployment: <https://zachyingling.github.io/RPS-Multiplayer/>

- Multiplayer Web Game where you can play rock, paper, scissors against a friend from another computer/browser
- I used HTML, CSS, Javascript, Firebase, and JQuery

LIRI Node Application | **Github:** <https://github.com/zachyingling/liri-node-app> |

Demo: <https://www.youtube.com/watch?v=WWwg0JjaflU>

- CLI Node Application that will take commands and based on the commands it will call different APIs and put certain information to the console based on the command.
- I used Javascript, Node.js, NPM, and dotenv

EXPERIENCE

Shift Manager

March 2017 – Present

Meadows Frozen Custard

Altoona, PA

- Training new employees and shift managers
- Making the ice cream and maintaining the ice cream machines
- Overseeing all crew members during my shift/mediating any conflicts between coworkers
- Ensuring customer satisfaction

EDUCATION

University of Penn LPS, Philadelphia, PA

2020

Certificate: Fullstack Web Development
